re: Rocanville Stone; Black Rock Quarry

Dear Tom:

Mert Hamilton has just commissioned me to write the Notice of Intention to Commence Large Mining Operations for the Black Rock Quarry located in Millard County, Utah. I am planning a field trip to visit the operation October 2-4, 2004. The actual field trip will take place on October 3rd. Mert asked me to advise you about this matter.

If you believe it would be advisable to visit with you in person about this operation, let me know through Mert Hamilton what you decide. I am also advising Sheri Wysong of the BLM of my pending visit.

Sincerely,

David J. Ryzak
